

Call for Participation

We invite you to join us in **6th International Conference of Advances in Materials Science and Engineering (MATE 2023)**

This conference will be an excellent international forum for sharing knowledge and results in theory, methodology and applications, impacts and challenges of Materials Science and Engineering.

The goal of this Conference is to bring together researchers and practitioners from academia and industry to focus on Materials Science and Engineering advancements, and establishing new collaborations in these areas. Original research papers, state-of-the-art reviews are invited for publication in all areas of Materials Science and Engineering.

Highlights of MATE 2023 include:

- 6th International Conference on Electrical Engineering (ELEN 2023)
- 6th International Conference on Mechanical Engineering (MEN 2023)
- 6th International Conference on Bioscience & Engineering (BIOSE 2023)

Registration Participants
